

VisualServoingServer
::threadInit

```
graph LR; A[VisualServoingServer::threadInit] --> B[VisualServoingServer::backproc_UpdateVisualServoingParamters]
```

The diagram consists of two rectangular boxes connected by a horizontal arrow. The left box is shaded gray and contains the text 'VisualServoingServer' on the top line and '::threadInit' on the bottom line. The right box is white with a black border and contains the text 'VisualServoingServer' on the top line, '::backproc_UpdateVisualServoing' on the middle line, and 'Paramters' on the bottom line. A blue arrow points from the right side of the left box to the left side of the right box.
